Readability is the ease with which a reader can understand a written text. In natural language, the readability of text depends on its content (the complexity of its vocabulary and syntax) and its presentation (such as typographic aspects like font size, line height, and line length). Researchers have used various factors to measure readability, such as ...

Formal education in Japan began with the adoption of Chinese culture, in the 6th century. Buddhist and Confucian teachings as well as sciences, calligraphy, divination and literature were taught at the courts of Asuka, Nara and Heian. Scholar officials were chosen through an Imperial examination system. But contrary

to China, the system never fully took hold and titles and posts at the court ...

Differences by grade. Parents have higher rates of attendance at school meetings, conferences, and events, and of volunteering in their child's school, when their child is in elementary or middle school.

Parental Involvement in Schools - Child Trends

However, if you are discussing, for example, the historical context in which the episode originally aired, you should cite the full date. Because you are specifying the date of airing, you would then use WB Television Network (rather than Mutant Enemy), because it was the network (rather than the production company) that aired the episode on the date you're citing.
