The landmark event that established the discipline of information theory and brought it to immediate worldwide attention was the publication of Claude E. Shannon's classic paper "A Mathematical Theory of Communication" in the Bell System Technical Journal in July and October 1948.. Prior to this paper, limited information-theoretic ideas had been developed at Bell Labs, all implicitly assuming ...

Our government's embrace of torture shattered lives, shredded our nation's reputation in the world, and compromised our national security. Not a single torture victim has had their day in an American court, and our nation has not held to account any of the officials who authorized the use of torture or oversaw its implementation.

Nor is this problem confined to the USA " or even to the here and now. The Chinese government's Xinhua agency reports that Japan has also grounded its F-15 fleet. Japan's F-15Js were built locally under license, on a more recent production schedule, but their oldest planes do date back to 1980. This is a precautionary measure until more is known.
