

### **encyclopedia of social work pdf**

Social justice is a concept of fair and just relations between the individual and society. This is measured by the explicit and tacit terms for the distribution of wealth, opportunities for personal activity, and social privileges. In Western as well as in older Asian cultures, the concept of social justice has often referred to the process of ensuring that individuals fulfill their societal ...

Social exclusion, or social marginalisation, is the social disadvantage and relegation to the fringe of society. It is a term used widely in Europe and was first used in France. It is used across disciplines including education, sociology, psychology, politics and economics. Social exclusion is the process in which individuals or people are systematically blocked from (or denied full access to ...

Virtue ethics is currently one of three major approaches in normative ethics. It may, initially, be identified as the one that emphasizes the virtues, or moral character, in contrast to the approach that emphasizes duties or rules (deontology) or that emphasizes the consequences of actions (consequentialism).
