This is a list of important publications in statistics, organized by field.. Some reasons why a particular publication might be regarded as important: Topic creator " A publication that created a new topic; Breakthrough " A publication that changed scientific knowledge significantly; Influence " A publication which has significantly influenced the world or has had a massive impact on the ...

List of important publications in statistics - Wikipedia

Women in architecture have been documented for many centuries, as professional (or amateur) practitioners, educators and clients. Since architecture became organized as a profession in 1857, the number of women in architecture has been low. At the end of the 19th century, starting in Finland, certain schools of architecture in Europe began to admit women to their programmes of study.
