Puppetry is a form of theatre or performance that involves the manipulation of puppets â€“ inanimate objects, often resembling some type of human or animal figure, that are animated or manipulated by a human called a puppeteer. Such a performance is also known as a puppet play. The puppeteer uses movements of her hands, arms, or control devices such as rods or strings to move the body, head ...

In physics, string theory is a theoretical framework in which the point-like particles of particle physics are replaced by one-dimensional objects called strings. It describes how these strings propagate through space and interact with each other. On distance scales larger than the string scale, a string looks just like an ordinary particle, with its mass, charge, and other properties ...
