Academic work. Flynn has written a variety of books. His research interests include humane ideals and ideological debate, classics of political philosophy, and race, class and IQ (see race and intelligence). His books combine political and moral philosophy with psychology to examine problems such as justifying humane ideals and whether it makes sense to rank races and classes by merit.

## **James Flynn (academic) - Wikipedia**

Why does the government collect statistics on the unemployed? When workers are unemployed, they, their families, and the country as a whole lose. Workers and their families lose wages, and the country loses the goods or services that could have been produced. In addition, the purchasing power of ...
